Executive Summary

The founding goal of Kapalinx Nigeria Limited was to develop and oversee innovative, expert architectural and project management solutions.

The Kapalinx team has extensive professional expertise, enabling them to develop and deliver professional services that cover the whole range of architectural and project management services rather than just architectural services.

We offer expert services to everyone and have successfully planned and oversaw a wide variety of buildings and construction kinds. Small home projects and large multi-story designs are also included in our portfolio.

To list a few of Kapalinx services include: refurbishment, conversion projects from initial feasibility and appraisal, evaluation and acquisition, thorough planning and construction to successful completion.

In order to create a fully integrated system, we use automated project management systems and powerful workstations with CAD visualization and presentation software.
